

VILNA

Design by
Pagnon & Pelhaître

Description

A table of extremely pared-down lines comprising a top which is linked to the base by a large section frame with a plate to which the legs are attached. The top, which overhangs by around 12 cm, renders the structure barely visible. The designers present Vilna as an innovative table, a design object, with its overhanging top and sharp-looking metal base.

WOODEN TOPS : in 40 mm thick matt varnished solid European walnut or natural solid oak with streamlined edges.

CERAMIC STONEWARE TOPS : in 6 mm thick full body ceramic stoneware (metallic anthracite, white marble-effect, white, Emperador or Marquinia) glued onto a 12 mm thick black or white MDF set back slightly from the edge of the top & screwed to a 12 cm steel support set back 7 cm from the edge of the top.
