Pagnon & Pelhaître

**ligne roset®**

depuis 1860

**Launched in 2017, Dita is a complete collection of 29 stand-alone pieces designed for the living room, the bedroom, the home office, and the hallway.**

These pieces all share the same mode of construction in lacquered panels mounted onto discreet aluminium profiles in a sophisticated finish, and small slim legs which act as a natural extension to the structure.

Dita, Pagnon & Pelhaître

**In view of the success of the range,  
Dita is extending with a modular version.**

The Dita System allows you to create both bookcases and modular units, with the possibility of using them double-sided.
