Description

Elio is a mood lamp distinguished by its paper lampshade, with a textile textured effect, assembled on a translucent composite for optimal light diffusion. Machined ash base, stained in a walnut finish. Textured paper shade with a textile effect on a translucent composite. Translucent sandblasted PMMA diffuser. Black PVC electrical cable. Black hand switch/dimmer. Equipped with one 6.1W LED module, producing 850 lumens. Colour temperature 3000K (warm white). 120° diffusion angle. Interchangeable LED lighting. 100-240V 16W plug-in LED power supply with interchangeable Euro plug. Other plugs can be ordered separately (US - UK). The same version supports both 220V and 110V. Total power consumption (including power supply): 7.85 W. Residual power consumption when the lamp is off: 0.5 W.
